## The Flimsy Part of It

By AMELIA GILES

A party of youngsters were at the seashore. The men were graceless crease of \$508,740 compared with 1910, scamps and the girls were as full of when the value was \$6,236,759. mischief as fillies not broken to har-

Two of the party were "spoous." The word spoons is of indefinite meaning. Possibly some future archof an American city may translate it. dropped out in 1911. "A word invented to express an unconventional condition among two very young persons of opposite sex who are ly, especially matrimony, but who are attracted by each other."

Any way, Dolly Tinkham and Billy Woods were spoons and known to be such by the rest of the party. Consesorts of jokes, pranks and innuendoes fore represented over 120,000,000 square on this property. All of them are in from their friends. These darts were feet of roofing. from their friends. These darts were feet of roofing. not venomous, neither were they witty.

They were principally noted for their senselessness. They were taken in a mater of fact way by the young lovers, but not seriously. No amount of raillery could prevent Billy from In the previous year the amount pro putting his arm around Dolly, pretend- duced was 5,181,498 square feet, valued ing that he was unconscious of being at \$900,008, or 19 cents a square foot, observed, or holding her hand under a lap robe when they were riding.

One day one of the young men came to Dolly with a bottle corked and sealed with her address pasted on it, telling her that he had picked it up when out boating. She broke the bottle and drew forth a paper on which was writ-

I have long loved you, but it is impossible for me to woo you. Learning that you slabs from one inch to three inches or are staying at B., I have salled out in a more thick. boat past the beach and have taken this means to advise you of my love. Any other way might lead to my detection. This way is perfectly safe. The reasons why it is forbidden for me to woo you are

"Did you find it on the beach, honest?" asked Dolly, looking up innocently. "Honest."

She dropped her eyes to the floor, Evidently she was affected by this unknown lover who was worshiping her from a distance. It did not occur to her that if he was forbidden to woo her he had better not have commenced

"Going to tell Billy about it?" asked the pretended finder of the bottle. "I don't know."

The rascal did not wait for her to make up her mind about the matter. He told Billy himself. The same afternoon when Billy met Dolly on the beach he looked out at the ocean. Dolly wilted. That evening Dolly was sitting on the beach doleful. It is singular that when a girl gets one lover she is surpassingly happy. Two invariably make her miserable. Billy passed on, but Dolly didn't call him. She was sure he was miffed about this new unknown lover. He would vex her with questions and she didn't wish to be questioned.

Besides she wasn't quite sure she loved Billy after all. Billy was ordinary flesh and blood, the other fellow, created by her imagination, was a pathetic looking, melancholy chap with curly locks hanging over an alabaster forehead and wearing a Byronic col-

But Billy, seeing that the flag of invitation was not thrown out, concluded to probe the matter without an invitation.

"What's this story about this fellow that's tossin' bottles overboard with love letters in 'em?"

"He isn't a fellow at all." "What is he?"

"A noble, good man."

"What you going to do about him?" "Nothing." "What you going to do about me?"

"I haven't done anything, and I haven't any idea of doing anything." "But you're going to wait for the rooster in the bottle to come?"

"I didn't say that." "What's he say in his letter?" "Oh, he says he loves me, but can't

"Well, then, what's the use of his saying it?"

"I don't know. I suppose it's a relief to him." "Is he going to keep on being relleved this way?"

"I don't know." "Well, Doll, since he's stepped in and taken possession of the field I'm out of it. Good evening."

He sailed away with his nose in the The next day Tom Wilmarth, who had made up the first bottle, came to Dolly with a second. It contained a note telling her that her unknown lover would be on the beach the next day. He would wear a red ribbon in his buttonhole-red in token of his

bleeding heart.

"See here, Johnny," spoke up one of the older gizls, who was standing near, "this has gone far enough. Doll, he's been fooling you, He has written these notes and put them ta the bottles. Don't you see that the paper bearing your name on the outside basn't been wet?"

Dolly looked balf dazed from the girl to the bottle, then at the scamp who had joked her. Then she got up and went away. The next morning the spoons made

up. It wasn't an important episode in their lives, but it might have been. They now have six children, and the flimsy romance of youth has turned into the great absorbing romance of family life.

Depending on the Neighbors. She was a rather plump old woman and had always tried to be accommodating to her neighbors, but even her obliging spirit had to refuse a request from a neighbor who sent by her little boy the following message:

"Please, ma'am, mother sent me over to see if I couldn't get a couple of pounds of lard off of you."-Lippin-

LESS SLATE SOLD.

Production for 1911 Reached Nearly \$6,-000,000 but Was Less Than in 1910.

There was a falling off in the production of slate in the United States in 1911, according to an advance chapter from "Mineral Resources of the United States," issued by the United States geological survey. The value of the output last year was \$5,728,019, a de-

Pennsylvania took the lead in output, with 28.37 per cent.; and Maine, Virginia, wth 28.37 per cent.; and Maine, Virginia New York, Maryland, New Jersey, Georgia and Arkansas followed in order of rank. California and Tennessee. acclosist digging down into the ruins which reported a production in 1910.

The decrease in production was noticeable in roofing slate, 1,124,677 squares cing the output in 1911, a decrease of 135,944 squares from the production too young to think of anything serious-ly especially matrimony, but who gra was \$4,348,571, while that for 1911 was \$4.844,664, although a square of slate cost 3 cents more in 1911 than in 1910. A square consists of a sufficient number of pieces of slate to cover 100 square feet of roof, with allowance generally for a quently they were a target for all 3-inch lap. The production in 1911 there-

An increase in mill stock-exclusive of blackboard and school-slate material -is noted in 1911, both in quantity and value, the production being 5,744,577 square feet, valued at \$1,027,695, an average price of 18 cents a square foot. Blackboards and school slate are made only from the Pennsylvania slate and there was not so much marketed in 1911 as in 1910. Mill stock also includes flooring, wainscoting, vats, tiles, sinks, laundry tubs, grave vaults, sanitary ware, refrigerator shelves, flour dough troughs, electrical switchboards. mantels, hearths, well caps, and billiard, laboratory, kitchen and other table tops. This material is made in the form of

While there was a fair demand for slate, according to reports received from the operators, trade conditions were un settled and prices were somewhat lower than those in 1910.

#### LEGAL NOTICES.
